Mike Mason  
ABC Enterprises

Subject: Applying for the post of intern

Respected Mr. Mason:

I am writing to apply for the internship at ABC Enterprises as advertised in FAST NUCES. I am in my final year of a Computer Sciences degree at FAST NUCES. The skills and experience I have acquired during my time at university and beyond, make me an ideal candidate for the role.

I am particularly drawn to this internship with ABC Enterprises because of the company's innovative approach to digital market.

I have been following the company innovative approach from the start. I also admire how company is committed to promoting their solution. As this is a cause close to my own heart.

Last year, I worked with my colleagues on project that is also innovative i.e. Artificial intelligence approach to find medical solution. In this project we use human DNA and worked on it. And finally we got 90% accuracy in that solution.

I am confident that my skills, experience and passion would make me an asset to the ABC Enterprises. I would be thrilled to have the opportunity to learn even more by working with a company that is making such a impact in the industry.

Please feel free to call me at 03342345678 or send an email to hellysonal@gmail.com
